

SiteLink Congratulates the Mini-Messenger Facility of the Year Winners

December, 2009. SiteLink congratulates the 2009 Mini-Messenger Facility of the Year winners. More winners of the coveted Facility of the Year award use SiteLink than any other software. The award winners are industry leaders recognized for their high standards and vision.

“As in previous years, we are pleased to see SiteLink run most of the 2009 Facility of the Year Winners. Their success and confidence in our product underscores the value SiteLink adds to their day-to-day operations,” says Markus Hecker, SMD’s COO. “The international winner validates SiteLink and its fully multi-lingual user-interface as the leader in storage software around the world.”

Self-Storage Facility of the Year Award Winners include:

- * [Overall – Store Self Storage and Wine Storage](#)
- * [Construction – City Storage](#)
- * [International – Love Box Self Storage](#)
- * New Facility – C3 Modern Storage
- * Conversion – I-5 Self Storage
- * Specialty Storage – Interstate Storage

SiteLink offers the leading money-making features including proprietary analysis, reporting and dashboards, online account management for tenants, and Revenue Management. Over 9,000 clients worldwide, including these industry leaders, reflect SiteLink’s commitment to excellence and innovation.
